

Two Little Kind Hearts

*Chen and Shanti were best buddies,
came from poor but happy families.
Though they had little money,
They always kept each other sunny.*

*Once it was Shanti's Birthday,
But Chen had nothing to give away.
She lent Shanti her best gown,
The two together they roamed the town.*

*At night Shanti's mom made her a ladoo,
She ran and gave Chen half and a hug too.
Chen was very delighted,
to see Shanti excited.*

*Next day, with great care Shanti returned the
gown,
she also made for Chen a pink paper crown.
They promised to be friends forever,
And always stayed kind to each other.*

*At golden heart,
At pure mind,
At sweet smile,
At little politeness,
And a humble nature,
Are all you need, for kindness.*
